

IS-5330 SINGLE PULLEY

INDUS PPE Single Pulley is a compact and reliable solution designed for smooth rope movement and secure lifting operations. Manufactured from high-strength alloy steel, it ensures durability, safety and long service life in demanding work environments.

FEATURES

- ✓ Material: Alloy Steel
- ✓ Finish Available: Silver / Golden Yellow Galvanized. Shot blasted on request
- ✓ As per: EN 362:2004
- ✓ Process: Stamped
- ✓ High strength and corrosion resistant
- ✓ Smooth operation for efficient performance

APPLICATIONS & INDUSTRIES

Steep roofs

Electricity

Window washing

Building Material

Climbing

Gutter cleaning

Utility

Machinery

SPECIFICATIONS

25 kN

Breaking Strength

225 gms

Weight

IS-5330 SINGLE PULLEY

TECHNICAL SPECIFICATIONS

PARAMETER	DETAILS
Model	IS-5330 Single Pulley
Material	Alloy Steel
Finish	Silver / Golden Yellow Galvanized (Shot blasted on request)
Standard	EN 362:2004
Process	Stamped
Breaking Strength	25 kN
Weight	225 gms
Compatible Rope Diameter	8 mm – 12 mm
Working Load	As per EN 362:2004
Country of Origin	Made in India

HIGH STRENGTH
Engineered for
maximum safety

DURABLE & RELIABLE
Built to withstand
tough conditions

SMOOTH OPERATION
Low friction for
efficient rope movement

QUALITY ASSURED
Tested and manufactured
under strict quality control
